Matching Funding Sources Table 1

In this table, please report the matching funds that you have secured or requested from other funders. Funding from your research institution should be classified as 'other'. NBIF has different leveraging ratios for our funds and require this information to confirm your project meets those criteria. Please see the program description page for these ratios.

	Name of Funding Source	Source of Funds	Requested or Secured	Cash Contribution Amount	In-kind Contribution Amount

Please describe the matching funds sources (if necessary).

Reasons for further explanation needed: if you are leveraging only a certain portion of a federal award or a industry partner is providing both cash and in-kind contributions, these may need to be explained further.
